## Throwball \*New\*

Throwball is an exciting non-contact sport that is played by two teams of seven players on a rectangular court with a net across the middle. The game shares its roots with volleyball and whilst, on the surface, it may look similar, there are some fundamental differences.

One fundamental difference is that there is no 'volleying' in Throwball. As the name would suggest, instead of parrying balls, they are thrown into the opposition area who then must prevent a point from being scored by catching it and immediately returning it. It's a thrilling, dynamic sport that is full of action from the first minute, which is why as a sport it continues to grow in popularity around the world.

Free for members of the EFLC to play.  
Non-Members must purchase daily pass to play.
